Appellant provides herewith a revised appeal brief in response to the notice of non-compliant appeal brief mailed October 15, 2007. Appellant has amended the appeal brief as follows:

In Section VI, the summary of claimed subject matter has corrected an incorrect number. Claim 28 was used, when claim 27 was described. Also, a summary of claim 37, including identification of structure for all meand plus function clauses, has been added.

In Section VIII, the headings in Section B have been changed to match more closely the grounds of rejection from Section VII. In view of the explanations of what is required for headings as outlined in 37 CFR 41.37 and in MPEP 1205.02, Appellant submits that the headings are proper and not subject to rejection, as they comply with the guidelines outlined therein.

Appellant believes that all indicated issues with the Appel Brief have been corrected. A full replacement amended Appeal Brief is provided.

Respectfully submitted,

Date: 15 Nov. 2007
